BARGAINING
SIGNS & FLYERS

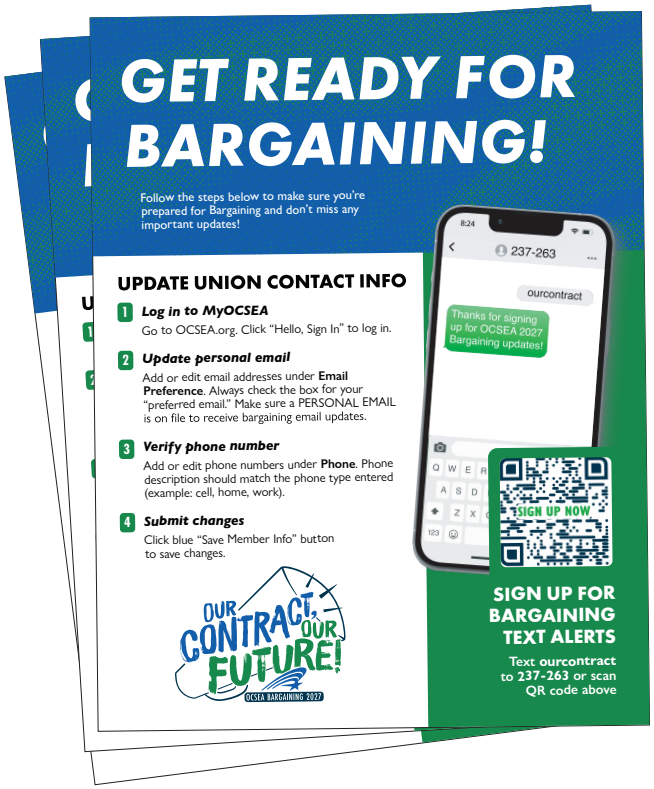

Signage and flyers to support bargaining

The OCSEA Bargaining 2027 Toolkit includes flyers and signage that will **help chapters and members support the OCSEA Bargaining Team.** This section of the Toolkit will be updated regularly, so check back often for updated flyers, signs and more.

The Toolkit includes a **bargaining support sign** that members can place in cubicles, in union offices and on union bulletin boards, as well as at home and in the cars (just to name a few). OCSEA members **ARE FULLY PERMITTED** to display support for their union bargaining team in their cubicles, home workspaces and union-maintained areas. Chapters can **distribute flyers** to their members at chapter meetings, and chapter-sponsored social events. Desk flyer drops can be done during breaks and lunches or other permitted off-hours.

The OCSEA Communications Department can give **extra guidance** to chapters and members on displaying signage and distributing flyers. Additionally, chapters making **bulk orders** with a vendor or needing to make a **high-quantity flyer request** with OCSEA should contact the OCSEA Communications Department at communications@ocsea.org.
