

OCSEA School Supply Drive

Drop off at OCSEA by Aug 31

So many children and classrooms start off the first day of school without the school supplies they need. Supplies equal success! By having the school supplies they need to start the year off right, our children will see greater success in school and throughout their educational journey!

OCSEA is proud to be hosting its School Supply Drive once again. Due to the pandemic, it's been three years since the last school supplies drive. [OCSEA will be collecting school supplies through August 31, 2023.](#) This has been a very successful drive in years past, and we're excited, with YOUR assistance, to help supply school children and classrooms all throughout Central Ohio. Chapters and subordinate bodies are urged to participate in this drive that will help working families most of all!

There are drop off boxes set up at OCSEA Headquarters for your donations. There will also be [drop off boxes at this year's OCSEA Biennial Convention](#) at the Convention Center, August 24-26. Donation boxes will set up at the Labor Education and Union Benefits Trust (UBT) booths.

Additionally, monetary donations are definitely accepted. To arrange a drop off or if you or your chapter have further questions about the drive, please contact Angela Harrington at aharrington@ocsea.org.
