

OUR TOWN OUR JOBS OUR GDC

What: Rally for GDC

When: Sept. 22, 2016

Time: 5-7:30 p.m.

**Location: Gallipolis City Park,
2nd Ave 45631**

Food and drinks will be served.

Speakers: Elected officials and others.

While the care of our individuals is our top priority at Gallipolis Developmental Center, the loss of 150 jobs from downsizing the facility is splitting up families and ruining our community. GDC, once the largest state Developmental Center, is now the smallest.

If there's no state budget issue, why does the Kasich administration continue to downsize and push our residents to unsafe settings without the proper supports? Why eliminate good, public sector jobs in this part of the state where families are struggling to put food on the table?

Please come to a rally to protest the loss of our jobs, our GDC, and ultimately our community.
